Project Description	<p>The Municipality will implement a Sports and Fine Arts Program to address the academic, emotional, and social impact of the COVID-19. The program is aimed at children, youth and adults of the Caguas Municipality who have been negatively impacted by the Pandemic. The Program consists of two key elements: the Sports and the Fine Arts activities. Through both components the Municipality provides opportunities to improve the physical, social, and emotional health of individuals.</p> <p>The Sports component represents a strategy to promote improvement of the mental health of children, youth, and individuals. In addition, it is used as a strategy to prevent school desertion aiming sports more reachable and attractive to students. The program entails and educational component of sports such as basketball, volleyball, soccer, and boxing, among others. The sports diversity provided by the program is a healthy alternative at times of confinement due to the declaration of the pandemic, which generated a more sedentary life. It is also an alternative to promote motor development of children, which recently has become a concern.</p> <p>On the other hand, the Fine Arts component entails an</p>

	educational and cultural component aimed at fostering and promoting cultural values through the theater, arts, music, and dance. In addition, it offers related activities and workshops to the community. Experts indicate that art can be an effective tool for improving mental health by providing a means of expression and emotional connection. Moreover, artistic creation can be a form of therapy, helping people process difficult emotions and find comfort and meaning.

	The Municipality of Caguas will implement the Movida Criolla After School Program (The Program), a community violence prevention program intended to respond to the increase of violence due to the COVID-19 pandemic. The Program is aimed at students from 12 to 18 years of age, and mainly consists of five core elements: (1) tutoring, (2) chess, (3) sports and (4) cultural activities and (5) a social support component to identify and address the needs, among others. It also incorporates equipment to the Casa del Ajedrez (Chess House), where the program activities will take place. Services will be provided Mondays through Fridays from 3:30 p.m. to 7:30 p.m. at Casa del Ajedrez located at # 60 Luis Muñoz Marín Avenue, Urb. Notre Dame in Caguas.

Project Description	<p>The program promotes different skills that allow young people to improve or maintain their grades; avoid desertion; improve coping skills; and identify vocational strengths. The idea is to promote opportunities for young people to overcome the conditions of academic lag, leadership and inequalities exacerbated by the pandemic. Chess will also promote the strengthening strategic approach to problem solving, allowing the person to understand a situation considering all possible moves and opting for the one that will bring the best benefit in the future.</p> <p>The program will integrate a Project Manager, a counselor / case manager, teachers, chess, sports and other cultural instructors. It also includes the equipment to undertake the related activities. The program will operate from May 2023 through June 2025, including an educational summer program. During this period, coping skills will be reinforced through educational, cultural, sports and recreational activities. The Program approach will support not only the academic needs, but also the social, emotional, and mental health needs of the participants. The Program is intended to serve 150 young people through direct service and 300 young people through community activities.</p>

## Project Name: Waste Collection and Disposal

Project Identification Number	052
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$5,640,079.75
Total Cumulative Obligations	\$5,640,079.75
Total Cumulative Expenditures	\$5,640,079.75
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Waste Collection and Disposal project is aimed at guaranteeing the public health of the citizens and the enjoyment of residing in a clean, beautiful, and orderly city. The Project will be undertaken by the Recycling and Sanitation Department intended to administer the collection and disposal of solid waste and recycling generated by the residents and businesses of the Municipality of Caguas.</p> <p>Since the beginning of the Pandemic, the Municipality of Caguas faced an increase in the waste collection and disposal costs. The restrictions imposed by the ongoing pandemic showed an increase in waste generated by households as well as an increase of mixed waste, including infectious waste, increase amount of plastic waste (due to lockdowns, suspension of reusable items in stores, etc.), increase of littering, and increase waste in items such as gloves, masks, tissues, and gauzes. In order to address this situation the Municipality will create the Waste Collection and Disposal Project to mitigate the revenue loss of the Municipality experienced during this period.</p> <p>The revenue reduction resulting from the Pandemic threatened the reduction of the Municipality's waste management operations services, which could have had a major impact on the safety and well-being of residents and businesses. The activity of waste collection and disposal will ensure the continuance of the Municipality's government services related with the waste management operations through the allocation of revenue replacement funds. The Municipality will be able to continue providing these public services at pre-pandemic levels through the engagement of a private independent contractor.</p>

	<p>The Municipality will provide and distribute portable power stations with solar panels to citizens that are bedridden, severely disabled, and elderly persons to ensure their health during power electricity failure.</p> <p>According to the 2020 US Census, the Municipality of Caguas has a population of 127,244 inhabitants, of which</p>

Project Description	<p>20.9% are persons over the age of 65 and 17.1% are persons under 65 years old with a disability. Every year the Citizen Services Office, receives approximately 260 applications for the Homecare Assistant Program: 254 persons, including approximately 15 persons with a disability. Additionally, there are approximately 30 persons bedridden. To fulfill this need, the Municipality of Caguas will create a program designed to aid this vulnerable population by providing solar portable batteries.</p> <p>In Puerto Rico there has been a significant increase in electrical system malfunctions, generating blackouts in the Island for long periods of time. During April 2022, there was a power-outage across the island that left almost of all Puerto Rico without power for three days. The system frequently collapses because it is an obsolete and fragile system, this without the threat of natural disasters such as earthquakes and storms that also affects the service. Being left without power can be detrimental to families. It can be dangerous to those who rely on power to get through their daily lives when they have life supporting medical equipment.</p> <p>The Final Rule states recipients may demonstrate negative economic impact on a class and enables assistance to beneficiaries under this class. Current Period Expenditures	\$0.00
Project Description	<p>The Municipality will invest in existing infrastructure of Community Non-PRASA Water Systems throughout the city by requesting non-procurement proposals for the acquisition and installation or improvements in backup generators or other needed equipment. The proposers shall be for non-for-profit entities which have the technical financial, and managerial capability to ensure compliance with the system operating and environmental requirements. Non-PRASA systems are own and operated by non-profit community organizations. This type of water system consists of mainly water storage and a pump and distribution system. The Non-PRASA systems are separately from PRASA and are highly dependent of electricity power for an adequate pump system function. In addition, they are not financially dependent of PRASA.</p> <p>The project is intended to strengthen water infrastructure affected by the shortage of electricity and severe weather events in order to provide safe drinking water to Non-PRASA communities. Although there are seventeen (17) community water systems, some of them have no generators, generators are in poor conditions, or the generator capacity is not enough to fulfill the need of all families in the community. Due to electricity shortages,</p>

	<p>usually, communities face difficulties accessing water systems. This situation places the communities at risk, especially during this pandemic period in which hygiene measures are critical.</p> <p>The implementation of this project allows the Municipality to build a climate resilience for treatment water, transmission, and distribution works by investing in backup generators for water infrastructure during this Pandemic period, recognizing the critical role that clean and drinking water plays in protecting the public health.</p>

	The Autonomous Municipality of Caguas intends to develop and operate a Safety and Prevention Center (the “Center”) in

Project Description	<p>the downtown area to provide and ensure public health and safety services in compliance with applicable regulations and health measures. The Center's operation will support the Municipality's efforts monitoring compliance with different Executive Orders implemented by the Government of Puerto Rico to respond to the COVID-19 public health emergency.</p> <p>The Center will serve a specialized unit to respond to all COVID related incidents in the area, including the surveillance, prevention, and the implementation of public health protocols. The Center will work in collaboration with a private contractor to expand the security services provided by the Municipality. The Center will operate the first year with fifteen (15) safety officers: ten (10) from a private contractor and five (5) local police officers. After the first year, the Municipality intends to operate the Center with fifteen (15) local police officers. Safety and police officers will be responsible of making walking surveillance throughout the downtown area during high activity business hours. Also, they will also assist the COVID-19 Monitoring Unit, established at the Center, with personnel from the Secretariat of Human Development.</p> <p>The specialized safety and police officers will be undertaking the following activities: enforce social distancing, enforce mask use and hand washing and enforce business compliance with public health protocols established by the Executive Orders implemented by the government.</p>
Does this project include a capital expenditure?	Yes
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$509,657.00
Type of capital expenditures, based on the following enumerated uses	Acquisition of equipment for COVID-19 prevention and treatment
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Secondary Impacted and/or Disproportionately Impacted populations	18 Dis Imp HHs residing in the U.S. territories or receiving services
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	<p>The Center is intended to support the Municipality's efforts monitoring compliance with different Executive Orders implemented by the Government of Puerto Rico to respond to the COVID-19 public health emergency.</p> <p>The program structure consists of specialized safety and police officers undertaking the following activities: enforce social distancing, enforce mask use and hand washing and enforce business compliance with public health protocols established by the Executive Orders.</p>
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	<p>The Municipality of Caguas has 615 business within the downtown area and surrounding avenues resulting in an estimated of 10,200 jobs. Thus, downtown is not only a highly visited area, but it is also visited by a very diverse population. Approximately, 50,000 to 60,000 persons visits the downtown area monthly. The agglomeration of people gathering in the area is extremely large and it is a challenge to maintain social order and compliance with the sanitary measures and safety protocols.</p>

**Project Name: Parking Acquisition**

Project Identification Number	002
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$269,256.43
Total Cumulative Obligations	\$269,256.43
Total Cumulative Expenditures	\$269,256.43
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Municipality will lease by November 2021, as a tenant, a commercial space located at Ramón E. Betances Street for an estimated of five-years lease term contract. The space will be occupied by the Secretary of Economic Development, including the Tourism Office, and the Office of Recovery and Reconstruction of the Municipality. The Tourism Office is aimed at promoting and marketing the Caguas tourist attractions to appeal to the tourism industry and consider the city of Caguas as a tourist destination. On the other hand, the Recovery and Reconstruction Office (OMRR) mission is to plan, manage and develop in an orderly manner the reconstruction and recovery projects of the Municipality resulting from the natural disasters.</p> <p>The commercial space referred above does not have a parking facility which may limit access to employees and visitors to the Municipality's offices. Thus, the Municipality identified and intends to acquire and improve a parking lot located at Vizcarrondo street for the intended use and support the accessibility to employees and visitors to provide and receive Municipality government services. In addition, the improvement of this facility will allow the availability of additional parking space to citizens after business hours to support the economic activities of the surrounding area.</p> <p>Also, this activity would have been postponed or could not have been carried out if not for CLFRF assistance because the revenue collections have been lower due to the pandemic.</p>
